

133 Enterprise Street
Evansville, WI 53536

Date: February 28, 2025

To: All Baker Water Systems Distributors

Subject: **April 1, 2025 Price Adjustments Due to New Tariff Actions**

In light of the recent tariff development, the U.S. government implemented a 10% tariff on products originating from China. These tariffs directly impacted not only some of our finished resale products, but also some of our components used in our manufactured products. Unfortunately, given these additional costs, Baker Water Systems will be implementing price adjustments on April 1, 2025. The product groups impacted by this tariff are listed below:

Campbell Import Resale Products: 10%

- Import Brass Fittings
- Import Steel Fittings
- Import Stainless Steel Insert Fittings
- Import Deep Well Pipe Couplings
- Import Relief Valves
- Import Brady Air Valves
- Import SS Check & Foot Valves
- Import Stainless Steel Relief Valves
- Import PVC Ball Valves
- Import Stainless Steel Valves
- Import Lead Free Ball Valves
- Import Yard Hydrants
- Import Cast Iron Well Seals
- Import Cast Iron Well Caps
- Import Stainless Steel Pitless Adapters
- Import Stainless Steel Pull Tee Accessories & Part
- Import Stainless Steel Pull Tees
- Import Constant Pressure Manifolds & Accessories
- Import Stainless Steel Tank Crosses
- Import Cup & Valve Leathers
- Import Pitcher Pumps & Parts
- Import Well Points
- Import Top Guides
- Import Lead Free Pressure Gauges
- Import Pressure Switches

Campbell Manufactured Products using Import Components

3%	Yard Hydrants & Parts
